Chapter 307: The Infinite Armies and Arsenal of Creation

As The Absolute One, Sung Jin-Woo's creative potential knew no bounds. With his omnipotence as both a god of life and destruction, he continued to forge new troops and divine tools to maintain balance across all realms.

New Troops Created by Sung Jin-Woo

1. Oblivion Reavers

Assassins born from pure shadow and chaos energy.

Features:

Silent and undetectable, capable of killing even divine beings.

Dual-wield Void Daggers that bypass immortality.

Number: 500 trillion.

2. Starlight Guardians

Celestial warriors composed of starlight and shadow.

Features:

Armed with Solar Spears that burn with eternal flame.

Radiate an aura that dispels darkness and heals allies.

Number: 200 billion.

3. Abyssal Leviathans

Massive sea creatures created to patrol oceanic realms.

Features:

Capable of swallowing entire fleets.

Emit sonic roars that collapse dimensions.

Number: 10 million.

4. Chrono Sentinels

Time-manipulating entities guarding the flow of time.

Features:

Equipped with Temporal Blades that freeze or rewind time.

Immune to temporal paradoxes.

Number: 50 million.

5. Flameborn Drakes

Dragonkin infused with the essence of primordial fire.

Features:

Breathe flames hot enough to ignite stars.

Scales deflect divine energy and physical attacks.

Number: 1 trillion.

6. Voidwalkers

Beings capable of traversing all dimensions and realms.

Features:

Wield Warping Scythes that sever dimensional ties.

Travel instantaneously between universes.

Number: 10 trillion.

7. Ethereal Arbiters

Judges of creation, ensuring balance and order.

Features:

Emit beams of judgment that separate life from death.

Possess the ability to rewrite divine laws temporarily.

Number: 1 billion.

8. Shadow Colossi

Towering giants crafted from the cores of destroyed realms.

Features:

Their footsteps shake worlds and break continents.

Fists infused with Absolute Energy, capable of eradicating armies.

Number: 100 million.

New Divine Tools and Weapons

1. Anvil of Eternity

A forge that never cools, capable of creating divine artifacts.

Features:

Enhances the power of all crafted tools by tenfold.

Can repair broken realms and objects.

2. Cannon of Creation

A weapon capable of creating new stars or obliterating celestial bodies.

Features:

Fires concentrated beams of divine energy.

Has adjustable modes for creation or destruction.

3. Orb of Omniscience

A sphere that grants perfect awareness of all realms.

Features:

Allows Sung Jin-Woo to monitor his creations and troops.

Reveals hidden threats and anomalies.

4. Chains of the Abyss

Unbreakable chains that bind even the strongest beings.

Features:

Suppress divine energy and restrict movement.

Automatically repair themselves when damaged.

5. Loom of Fate

A device that weaves the destinies of mortals and gods.

Features:

Allows Sung Jin-Woo to alter the fates of individuals or entire species.

Predicts potential outcomes of significant events.

6. Ring of Dominion

A ring that enhances control over all created life.

Features:

Grants telepathic communication with all troops.

Boosts the abilities of those under his command.

7. Hammer of Creation

A tool used to shape new universes and realms.

Features:

Channels the raw energy of existence.

Creates new worlds with unique laws of physics and magic.

8. Wings of Infinity

A cloak-like artifact granting unparalleled speed and mobility.

Features:

Allows instant traversal across infinite dimensions.

Emits a protective aura that shields entire armies.

9. Crown of Balance

A crown that stabilizes the multiverse.

Features:

Ensures harmony between creation and destruction.

Amplifies Sung Jin-Woo's dominion over all realms.

10. Sword of Genesis

A blade symbolizing the power of creation itself.

Features:

Capable of splitting reality to create or destroy worlds.

Wielded only by Sung Jin-Woo, embodying his role as The God of Creation.

A Boundless Legacy

With these creations, Sung Jin-Woo's dominion extended further, and his armies became invincible. His tools and weapons not only solidified his power but also ensured the balance and order of the multiverse.

In Sung Jin-Woo’s hands, creation and destruction danced in perfect harmony, forging a legacy that would echo for eternity.
